“Helping people
reach their
potential.”

Our mission and goal.

The mission of Spectrum Social Services, Inc. is to provide individually based and high quality services and supports to people with developmental disabilities and the economically challenged. Our goal is to “Help People Reach Their Potential” with a “whatever it takes” attitude.

Recognizing that each individual has distinct needs and desires, Spectrum Social Services, Inc. is committed to the belief that each person, no matter what their disability, has dreams and hopes, likes and dislikes. Through knowledge, friendship, and collaboration, we advocate for person/family autonomy through the principles of self determination. Our program is person-centered and individual-focused.

Who are we?

Spectrum Social Services, Inc. operates an eight bed Personal Care Home called Spectrum Manor. The home is located in the quaint little town of Lansford, PA.

Spectrum Manor provides housing and supports individuals with a mental retardation or a mental health diagnosis. The residents are referred and funded through the Carbon-Monroe-Pike Mental Health/Mental Retardation Program.

We adhere to the guiding principles of “Self Determination.” These principles are:

Choice/Control/Freedom: Every individual has the right to choose how they will live their lives and should be given the opportunity to make decisions that give them control over their lives.

Rights: Everyone is treated with dignity and respect and Individuals are given responsibility for their decisions and their actions.

Individuality/Personal Goals: The dreams and goals of all individuals are to be respected. Staff will assist in making goals a reality.

Integration/Citizenship/Social Inclusion: Everyone has the ability to contribute to their community, they deserve the opportunity to participate in local activities and issues.

Relationships: The relationships a person has are integral in ensuring a good quality of life.

Prosperity/Income Supports: Every individual should have a say in their finances and those who want to work should be given an opportunity to work.

Success/Recognition: Everyone deserves recognition for their successes.

Health: Every individual should receive quality medical care in a timely fashion.

Technology/Environment/Safety: Every individual deserves a safe and clean environment, accessible for all of their needs.

Quality/Satisfaction: Everyone has the right to quality care and the format in which to express satisfaction and/or grievances.

Our goal is your goal.
